REF: a. Memorandum to Acting Chief, [] from Deputy Chief, Fiscal
Division dated 4 August 1959

b. Memorandum for Comptroller from Office of General Counsel
dated 11 June 1959, subject: Shipment and Storage of
Household Effects

It was [] intent, when Travel Order 00/75 70-58 XE was
issued, to authorize the maximum allowable under Regulation []
whatever that maximum might be. On our assumption that the Regulation
limited the maximum weight allowable from an overseas point to that
authorized for shipment to such post, the figure of 4500 pounds was
specified. However, since it was not the intent of [] to deny
Mr. [] an allowance to which he was legally entitled, it is
requested that this matter be reconsidered in the light of the General
Counsel's interpretation as outlined in reference b.
